Personal Notes:

I was born in South Yorkshire and qualified from Manchester (1971) and trained on the academic circuit under the gentle care of Prof. Charles Galasko, completing a thesis on the stabilisation of the spine. I was sent to Bolton in 1981 as a general orthopaedic surgeon but now I concentrate on knee surgery and trauma with the occasional discectomy.

I enjoy competition weight lifting, motor biking, fast cars and good food, not necessarily in that order.

Organisations / Wider Responsibilities:

Previously:

- Clinical Director orthopaedic
- Regional Advisor T & O N.W. Region
- Director of training T & O N.W Region

Presently:

- Chairman SAC (T & O)
- Examiner FRCS (T & O)
- Hon. Clinical Lecturer University Of Manchester

Published Work:

- Ligament knee Reconstruction
- Spine stabilisation bone metastasis

Expectation Of Trainees:

Expectation	Irritated
• Hard work & enthusiasm	• Demand for "spoon feeding"
